Meeting host: Zhu Yafei

Meeting time: 14:00-15:30 April 24, 2015

Meeting place: Conference Room B201, South Building of College of Information Science and Engineering

2. Meeting Agenda

1. Dai Jialun made a report about Region-based Segmentation.
2. Wang Ruchen made a report about Edge-based Segmentation.

3. Things to note

1. When we learn an algorithm, we should try to use it first and then adjust the parameters to analyze the results, only in this way can we understand the algorithm and know its strengths and weaknesses.
2. The more you do, the more you will learn.
3. If you spend time on something, you must learn from it, or you will be wasting your time.
4. It's hard to learn all by yourself without checking out how far you have been on your research direction.
5. When we give a report, we should focus on the main idea of the report and cut the crap.

4. Next Meeting

The next meeting will be hosted by Qiu Xinxin.
