1. Meeting Host, Time and Place

Meeting host: Wei Tengda

Meeting time: 14:00-17:00 March 13, 2015

Meeting place: Conference Room B201, South Building of College of Information Science and Engineering

2. Meeting Agenda

1. Zhu Yafei made a report about salient object detection.

2. Wei Tengda made a report about mathematical problems from VALSE webinars.

3. Discussion.

3. Things to note

1. The information that is quoted must be referenced in the slide.

2. We, especially the ones who will teach Introduction to Computer Vision, should have lots of discussion and learn how to give a lecture perfectly.

3. The course is very important-Introduction to Computer Vision. We should think more about the content of course which should include both the basic theory and the code. Guided by the teacher, the course will be finished by us together.

4. Everyone should set a goal which should be achieved at the end of this term. The goal should be not only practical but also challengeable. Even if it is not accomplished, it will make you motivated and energetic.

5. We should improve the ability of automatic learning and communication. For example, we can learn from the teacher's mail and communication.

4. Next Meeting

The next meeting will be hosted by Wu Bin.
